Upgrade QRV 356 006 011

QRV 356 006 011 is only available at very short notice due to expiring material availability.

It is possible to convert to QRV versions of the series 356 022 ... or 356 023 ... and 356 001 011.

For typical applications with tipper we recommend using 356 001 011 as a quick dump valve.
