

Issued by Joachim Ejlertsson	Introduction from serial No.	Date 2010-10-25	Product affected DB22	P/B No DB 027L
Title / Subject CHANGE OF BRAKE PADS		Reg No. <b>20091231</b>	Edition / Replaces 01	Page 1/1

---

## Change of brake pads in P/N 92802

The brake pads currently used in the DB22, 92802, are pads with PMI friction material (P/N 751-22001). From the 1<sup>st</sup> of January 2011 all complete disc brakes with part number 92802 will be produced with Jurid 539-20 pads instead (P/N 89659).

As for any possible aftermarket issues the two different brake pads are interchangeable.

**NB:** The concerned customers have already been notified of this change and they have also approved it.
