

Haldex Requirements for a World Class Supplier

“World Class Suppliers for World Class Products”

- We are selecting the best suppliers based on their performance and capability, subject to continuous monitoring, and we are developing strong and structured relationships with them.
- We are committed to quality excellence, customer-focused processes, and continuous improvement.
- Every day, we are improving our organization, our processes, and the skills of our employees...with the aim to be best in class.
- We encourage our suppliers to adopt these principles.
- Every day, we expect from our suppliers a ZERO DEFECT ATTITUDE, demonstrated through:
 - **Correct parts, delivered on time and with correct quantity**
 - **Rigorous adherence to defined processes and requirements**
 - **Proactive and professional risk management**
- A Haldex supplier takes full responsibility for their sub-suppliers' quality

Haldex Requirements for a World Class Supplier

RESULTS	GOOD	Lucky supplier	World Class supplier
	BAD	Will not be a Haldex supplier	Low performing supplier
		BAD	GOOD
		PROCESSES & SYSTEMS
