

Midland clearance-sensing ABA. The automatic choice in brake adjusters.

Clearance-sensing design is the performance standard in brake adjusters. But not all automatic brake adjusters are created equal.

Midland self-setting Type S and standard Type 1 clearance-sensing automatic brake adjusters are designed and built in North America by Haldex – the inventor and market leader in clearance-sensing ABAs.

Don't settle for imitation brake adjusters. Insist on Midland automatic brake adjusters from Haldex.

- Better overall performance than stroke-sensing ABAs.
- Designed and manufactured in North America by Haldex.
- Available in Type 1 and Type S models.
- 1-year warranty.

Clearance-Sensing Automatic Brake Adjusters

Value and performance in commercial vehicle brake adjustment

Midland Automatic Brake Adjuster Kits								
Midland Part Number	Model	Spline Diameter - Spline Count	Arm Length	Body Angle	Offset	Arm Hole Diameter	Grease Fitting Location	Grease Fitting Type
