

PRODUCT CHANGE BULLETIN

Transit ABA Grease Fitting Change

As part of our continued improvement philosophy, Haldex has determined the need to improve production processes on Transit ABA part numbers shown below. This improvement will involve changing from a 45° to a 30° Grease Fitting.

| OE Part Number | AM Part Number |
|----------------|----------------|
| 419-50114 | 300-50209 |
| 419-50115 | 300-50210 |
| 419-50129 | 419-50129 |
| 419-50130 | 419-50130 |
| 419-50169 | 300-50224 |
| 419-50170 | 300-50225 |

As always, we appreciate your business at Haldex and look forward to supporting your brake system needs in the future. Should you have any questions, or would like additional information please contact:
