

Haldex TRS Being Phased Out

Haldex will no longer be able to offer the TRS Platform and replacement Electronic Control Units (ECU) in its EBS Product Offering. Technology changes have obsoleted critical electronic components and left Haldex with few options.

Haldex will only use the remaining ECUs for replacement parts and no longer offer complete TRS units. All ECUs will be cancelled once inventories are depleted.

Complete TRS Units No Longer Available		
Aftermarket Kits	OEM Kits	OEM TRS Units
AQ968302	SN2633AG	830002001
AQ968304	SN2633AH	830002A
