

The Haldex logo is a blue rounded rectangle with the word "Haldex" in white, bold, sans-serif font.The background of the top section is a dark blue grid with glowing blue nodes and white arcs connecting them, resembling a network or data flow. The text "Introducing WebTECH™" is centered in white, with "WebTECH" in a larger, bold font.

Introducing WebTECH™

Live Online Technical Training Sessions

The Haldex Technical Services Team is now offering WebTECH online training classes individualized to meet your specific needs. Through your Haldex Representative, the Team will work with you to schedule the date, time, duration, topic and number of participants. The classes can be for large or small groups, tailored to a specific topic request and even include live demonstrations from our lab.

Classes could focus on, but not be limited to:

Complete System Training

- S-Cam/Drum Brakes
- ABS (Anti-lock Braking Systems)
- Disc Brakes

Precision Solutions

- Basic Technical Tips
- Troubleshooting Talk Throughs
- Live Video Problem Solving

The classes will be short and specific to ensure attention and be respectful of everyone's time. We will work with larger groups, but smaller sessions with fewer people tend to be more interactive.

To get started, contact your Haldex Representative,
to begin discussions and/or schedule a WebTECH Session.

Currently the Microsoft™ Teams Platform is being used for WebTECH Sessions. An email address will be required for each participant. A pre-session set-up time may be scheduled to ensure everyone will be able to properly connect and hopefully reduce issues the day of the actual training.
