

## ABS optimized 7-way cable paired with premium heavy-duty plugs

### ABS Duty 7-Way Cable (4/12 – 2/10 – 1/8)

- SAE J2394 performance tested assures superior conductivity
- Maintains flexibility from -40°F to 150°F
- Heavy-duty cable jacket with enhanced abrasion resistance protects against UV exposure and common chemical encounters

### Premium 7-Way Plugs

- Double gusseted handles improve strength
- Optimized lock-tang design for a secure plug-to-receptacle connection
- Extended, plated, heavy-gauge, closed-coil spring guards protect cable-to-plug connection point and prolong plug life
- SAE J560 compliant
- High-gloss finish

#### Straight Cable Configuration

Part Number	Length
MCP708S	8'
MCP710S	10'
MCP712S	12'
MCP713S	13.5'
MCP715S	15'
MCP720S	20'
