Air Spring Assemblies

MIDLAND™
Vital Needs. Quality Parts. Single Source.

Built to perform. Priced to move.

Rolling Lobe Air Spring
MID9580

Convoluted Air Spring
MID6897

Midland's Air Springs for tractor, trailer, and truck air suspensions.

All types and sizes of rolling lobe, convoluted bellows, or sleeve type replacement air springs to service all the major manufacturers of suspensions and ride equipment. Midland's air springs are specifically designed to meet the customers' needs in terms of carrying capacity, spring characteristics, spring deflection, and space requirements. Made of high quality rubber compound that has been developed, tested and proven to provide years of performance. The excellent dynamic behavior of elastomer materials combined with high performance plastic and metal components result in a worry free air spring system.

- Available in 1/2" increments to satisfy all ride height requirements regardless of the OE manufacturer.
- Bellows made to OE construction which allows for minimal heat retention and longer life of product.
