Shock Absorbers

MIDLAND™

Vital Needs. Quality Parts. Single Source.

Grow your business with the Midland brand today!

Midland 85000

Midland's high-performance hydraulic shock absorbers for Class 6-8 trucks, trailers, and buses.

Midland's heavy-duty shock absorbers feature superior anti-fade performance that enhances safety, control, and braking effectiveness while extending the wear-life of costly suspension components.

A best-in-class hydraulic stop limits overextension and damage. New piston seals provide superior fluid retention and consistent damping performance. Anti-corrosion features prevent premature piston wear, end-mount failure and mounting bolt seizure.

- Up to 20% better anti-fade performance
- Bulged design for increased fluid capacity and cooler operation
- All coil spring valving for enhanced ride stability
- Self-compensating piston seal for consistent damping
- 360° arc-welded solid steel end mounts for reduced fatigue
- Larger 1-5/8" bore for maximum durability
