

## PR & PR+ Suspension Valves Tool Change

The supplier for the 90° fitting used in the Haldex PR & PR+ Suspension Valve product line is moving production of that component to a new tool. This change has been validated and approved by Haldex. Fit, form and function are not impacted by this change.

The expected implementation date of supply from the new tool is April 1, 2012.

This change will affect the following Haldex part numbers:

90554926	90555047	90555110	90555141	90555313	90555379	90555416
90554927	90555049	90555113	90555143	90555318	90555380	90555424
