

TECHNICAL INFORMATION

HALDEX STANDARD SPIN-ON CARTRIDGE

The Haldex Standard Spin-On Cartridge provides optimal protection for commercial vehicles with the best drying performance for the compressed air system.

Benefits

- › High performance desiccant for dry and clean compressed air
- › Suitable for heavy, medium and light duty truck applications
- › Suitable for use in mechanically and electronically controlled air dryers

Haldex Standard Spin-On Cartridge

Haldex Standard Spin-On Cartridge provides optimal protection for commercial vehicles with the best drying performance for the compressed air system.

The compressed air contains considerable amount of water droplets, dirt, oil droplets, carbon-hydrogen compounds, contaminants and aerosols. The desiccant cartridge separates these substances during the charging phase and expels these elements during the regeneration phase. The Haldex Standard Spin-On Cartridge offers an optimal solution with multiple benefits for users of standard air dryers.

Design and Function

HALDEX STANDARD SPIN-ON CARTRIDGE

Where Used

- › Heavy, Medium and Light Duty Commercial Vehicles
- › Busses
- › Agricultural Tractors

Function

Haldex uses high-performance desiccant to create the best possible performance. During normal use, the Haldex Standard Spin-On Cartridge prevents moisture and oil contaminants from entering the compressed air system. This reduces air system component wear and increases the reliability and availability of the vehicle.

Application Information

Fits Wabco SS1200 Dryer Series
955205, 955205X, 955206X
955300X, 955315X

Bendix® AD-SP and AD-IS Dryers
109991X, 109992X, 800973X
5004050X, 5010696X

Direct Replacement For
Bendix® 109994, 5008414
Wabco R950011

TECHNICAL DATA

Part Number:	109994K
Description:	Right Hand Thread
System Pressure:	188 PSI
Temperature Range:	-40°F to +176°F
Torque:	44.25 lb in
